

## **LEWES BPW UPDATES – JANUARY 7, 2016**

### **Closings**

The Business Office will be closed on Monday, January 18, 2016 for Martin Luther King, Jr. Day.

If you should experience any emergencies please contact our On Call Services at 302-645-6228.

### **Electric Department**

Beginning Tuesday, January 19, 2016 – weather permitting, the Electric Department will be removing the Snow Flakes.

Tree Trimming will begin to take place within the next few weeks ... weather permitting. The process for Tree Trimming will be to cut as many limbs possible on one day and return the next day to remove them. We appreciate your patience during this time and we ask you to be careful while walking near them.

As a reminder, the provisions of right-of-ways and easements typically grant the BPW the authority to trim trees without additional property-owner permission. We take additional steps to notify customers in advance when this occurs.

### **Savannah Road**

DelDot is continuing their work on Savannah Road adjusting manholes and pouring concrete.

### **Highland Acres**

The installation of a 12" water line from Savannah Road on to Sussex Drive is complete. Work on Water and Sewer construction in Highland Acres has resumed and work in private property is commencing.

### **BPW's Water Department Update**

The catch basin has been replaced by Harry Caswell, Inc. at the corner of Pilottown and New Road on Monday, January 4, 2016.

Still in progress ... the storm water at the intersection of Anglers Road and Market Street as well as water being worked on from Market Street down Bay view to Savannah Road.
